## City Council. Discussed the Purchase of a Patrol Wagon.

## ROUTE BUSNESS TRANSACTED

## Dr. Montague's Interesting Lecture Upon "Mexico"—The Calumet and Pharmacists Stockholders Came to No Agreement.

At the regular meeting of the City Council Monday night the Mayor and all members were present excepting A. Corman Taylor.

A. H. B. presented another communication offering to divide profits with the city if it is allowed to mine in Cheyenne canon. Referred to the public grounds committee.

A communication from Secretary of the Humane society was read calling attention to the fact that it is illegal for the police to summarily kill dogs. Referred to the police committee.

F. P. Back asked to be appointed to the charge of the Cheyenne Park if the Council decided to put some one in charge. Referred to the Public grounds committee.

Property owners on the west side of Tejon between Kiowa and Bijou petitioned the Council to order that stone sidewalks be placed in that section. Referred to the street committee.

Citizen of the West Side offered a petition signed by a large number asking that the Williams street of and be opened, thereby connecting El Paso and Washington streets. Referred to the street committee and the city attorney, and they were instructed to consult with the sewer board of that district.

Taxpayers living east of E. 2nd street and north of 11th street called attention to the fact that they have no sewerage and that the city is not adapted to putting in sewers, and asked that sewers be put in. Referred to the Sewer Committee.

McLish & Joyce were granted a plumber's and drain layers' license.

The reports of the fire companies were received and filed.

The police magistrate's report showed over \$100 collected for the month. Referred to the City Attorney to check up.

W. L. Dawson was granted a license to conduct an employment agency.

Alfred Dunbar introduced the following resolution:

Whereas, There is \$17,000 to the credit of the sinking fund which has been appropriated and held toward the payment of the \$57,000 refunding water bonds issued pursuant to ordinance passed June 7, 1898, therefore be it

Resolved, That the City Treasurer be instructed to advertise according to act that the first \$17,000 bonds of this issue be called in for payment.

The resolution was adopted.

Alfred Dunbar reported that the boxes and wire for the fire alarm boxes has been ordered.

Alfred Dunbar called up the question of a patrol wagon and in order to bring it before the Council, moved that the Police Committee be instructed to purchase a wagon and outfit.

Marshall Dana called upon to explain the necessity for a wagon. His idea is to use the wagon at night for hauling coal carts to fire. In the daytime it would not be used for that purpose, and it could be arranged so that it would not interfere with the fire department. He explained the uses to which it could be put.

Chief Johnson was not prepared to say whether the wagon would be opposed by a majority of the fire department, but thought it would be a good thing at many times.

Alfred Dunbar introduced the purchase of the wagon heretofore because it did not leave the police department needed, but it would help the fire department, it would not oppose it.

A motion was finally adopted that the whole matter be referred to the Police and Fire committees to investigate and report.

The matter of closing an alley in the cemetery, asked by the executor of the estate of J. T. McFerran, was referred to the Cemetery Committee.

The Water Committee reported adversely on extending water mains on 11th street, as petitioned. Report accepted.

The above committee reported in favor of extending the pipe 400 feet on North Nevada as petitioned by J. A. Miller and others. The report was accepted.

The application for water pipe in Orrin's addition was reported on adversely. Referred back to the water committee.

Alfred Dunbar explained that something must be done to relieve the water pressure on line one of the sewer. The best way is to run a lateral to the sewer.

Upon motion of A. Corman Dunbar, the sewer committee was given power to act in the matter.

The bills for the month of May were read and approved.

A resolution presented by A. Corman Dunbar was adopted that the reports of all city officers where money is expended shall be examined and approved by the finance committee before being approved by the Council.

The matter of permitting Mr. Bley to use water from the Bear Creek water pipe line for his slaughter house was referred to the water committee.

The Council then adjourned.

## CALL VET AND PHARMACIST.

## No Agreement Arrived at Concerning the Tresspass.

A meeting of the principal stockholders of the Calumet and Pharmacists mining company was held at the office of W. D. Smith in Manitou, Monday.

It was for the purpose of forming plans for raising money to continue the work upon the Burns lode and to discuss the matter of the Pharmacists' tresspass.

There were about 300,000 shares of Calumet stock represented, and a large proportion of the Pharmacists. At the outset of the meeting a proposition was made to assess the Calumet stock one-half of a cent, but this was non-concurrent. In by some of the large stockholders.

A proposition was made by the Pharmacists company that they would be willing to pay \$1,000 for the Burns lode and to allow the Calumet company to scope out as large an

amount as was taken from the Burns from one of their lower levels, or submit to a committee of arbitration, two from each company, they to select another. These propositions were declined by the Calumet company. Then the Calumet company offered to compromise the matter on the payment of \$15,000 by the Pharmacists, one-half of which to be paid at once, the balance in ninety days. The Pharmacists directors who were present declined to do this.

The Calumet directors then held a meeting and passed a resolution to the following effect: "To authorize the sale of a block of the company's stock at five per share sufficient in amount to entirely cancel the indebtedness of the company and to give it a good working capital. Also this resolution: That this company offers to settle the said tresspass of the Pharmacists company for the sum of \$5,000, one-half of this sum to be paid at once, the remainder in thirty days, and in case this settlement is not made by June 10, 1898, the attorney of the company be and is hereby authorized to bring suit at once against the Pharmacists company for said tresspass and for the value of the ore taken from the property of the said company and for damages."

The board of directors adjourned to meet on Monday June 11, to hear the reply of the Pharmacists people.

It is not thought that a lawsuit will result, as the amount involved would not much more than pay the expense of attorneys and experts and neither company is especially anxious to go to law.

The sale of the treasury stock was placed in the hands of J. W. Proulx & Co. of this city. With the amount realized from this sale it is expected to pay a. b. s. and to have the mine making regular shipments in the near future. Both sides agreed that the mine could be made to pay well, if properly worked.

Colonel E. J. Brown, manager of the Zenobia, was appointed manager of the mine in place of J. W. Miller, resigned. Mr. W. B. Page will be the resident director at Cripple Creek to oversee operations upon the mine. It is thought that there is but little danger of attack on the mine being placed upon the property and two of the leading stockholders offered to put up \$5,000 each to pay the debts but it was thought that the sale of the treasury stock would be the better method.

## LOCAL DOINGS.

## Zappenings of the Past Week Through out the Town.

Dr. Roder left last Tuesday for a trip to the east.

Mr. D. V. Donaldson left for Chicago via the Rock Island last evening.

Miss Knowles left last evening for her home in Chicago, after a very pleasant visit.

Mrs. W. B. Bonbright left for Philadelphia for an extended trip, last evening.

Miss Stinner and Miss Dodge left for a visit with friends in Buffalo, N. Y., last evening.

Col. and Mrs. Brady and Mr. and Mrs. C. L. Fagin have returned from their Eastern trip.

Mr. and Mrs. R. W. Tansil leave for Chicago next Friday evening to be absent some time.

Mr. S. B. Jenkins and family of 9, North Nevada avenue left during the week for Chicago.

Mr. and Mrs. S. S. Suter of New York, representatives of the Lottier family, arrived at the Antlers last week.

Mr. and Mrs. T. S. Seconridge, and Miss Seconridge left last Tuesday for an Eastern trip and will visit the World's Fair.

Mr. and Mrs. E. A. East leave on Tuesday for a trip to Schenectady, N. Y., and other Eastern cities, to be absent some time.

Mr. and Mrs. A. C. Pearson, Mr. Charles Pearson and Miss Anderson left last Wednesday evening for the World's Fair.

Mr. Geo. P. Owen of the Evening Telegram, and wife, leave this morning for a visit to the World's Fair and will be absent several weeks.

Mr. and Mrs. David McCleure and family who have been at the Antlers for several months, leave this week for their home in New York. They have made many friends here and will return in the fall.

Mr. and Mrs. E. J. Harvaug of Manitou celebrated the first anniversary of their wedding last Tuesday evening. A number of Colorado Springs people were among the party. "Kiss Five" was the order of the evening and a delightful time was enjoyed by all.

Mrs. D. C. Casement and son, Mr. R. D. Casement, of Painesville, O., will leave for the East this week. Mrs. Casement has been at the Antlers for several weeks and Mr. R. D. Casement has spent the past year in this city, when he has made many friends.

Mr. and Mrs. Henry T. Robinson arrived in their special car from Chicago and are guests at the Antlers. They will remain during the summer. Mrs. Robinson is a daughter of Thomas Lowry, the famous street car millionaire of Minneapolis, and spent a winter in this city several years ago.

Mrs. L. Y. Hedges of North Cascade avenue, gave one of the most elaborate entertainments of the year Thursday. Seventy-five acts were entertained at luncheon. During the morning Star's Hungarian orchestra of the Labor Grand, Denver, gave a recital.

The following have been introduced at the El Paso club this past week:

R. D. Casement, Cleveland; R. W. Cummings, Toledo; Ben Gooch, Mobile, Ala.; Dr. C. B. Xunn, S. S. Army; J. Cameron, Mobile; Wm. M. Cranson, London; M. A. Derif, Chicago; Walter Bruce, Denver; A. J. Wurra, Pittsburgh; R. D. Browne, New York; W. P. Camp, West; C. S. Brisson, L. R. Kimball, Denver; E. Turner, La Verne; J. S. Dodd, Nova Scotia; Wm. M. Cranson, London; C. S. Southern, New York; Chas. P. Keywood, Denver; W. X. Leases, New York; Henry Alcock, England; Wm. P. Jones, Boston; Geo. M. Curney, Harry T. Robinson, Chicago; C. S. Southern, Cripple Creek.

THE TANSIL MUSICAL.

Mr. and Mrs. Robert Weems Tansil, of 329 North Cascade, acted to their reputation as delightful entertainers Thursday evening by giving one of the most notable entertainments of the year. It was a musical and dance given at the Antlers, introducing their friends, Madame Margite of New York, Miss Kennedy of New Orleans and Miss Knowles of Chicago. The entertainment was largely attended and was pronounced by all present one of the most pleasant and most brilliant affairs of the kind the city has ever known.

The large reception parlors of the hotel had been handsomely decorated for the occasion, and in one corner, out of a screen of vines and flowers, the Opera House orchestra discoursed sweet music. Mr. and Mrs. Tansil stood in front of this to receive their guests, and were assisted by Madame Margite, Miss Kennedy and Miss Knowles. The musical began at 9 o'clock. Madame Margite was one of the principal performers, and her singing was a delight to all. Her voice shows wonderful cultivation and she sings with great expression. Her knowledge of the art of singing must be great indeed, and Colorado Springs is quite fortunate in having such a teacher.

Miss Tansil and Mr. Carr rendered a piano duet in a pleasing manner and were warmly applauded.

Mrs. Tansil and a great surprise for her friends for it was not generally known that she was a singer. In fact

was the first time she has sung on the home stage for several years. She has a sweet mezzo soprano voice. She sang a second time to please her guests.

A great treat of the evening was due to the singing of Miss Knowles, who is a dramatic reader of no mean ability. In fact she is the best this city has heard for many a day. Her voice is sweet and yet powerful, while her manner is so natural and unaffected that it is the highest form of art. She has the most wonderful facial expression, and reacts her lines with great intelligence and appreciation of the writer's meaning. Her selections during the evening ranged from the "Wooling of Henry V" to a concert by James Watson's Riley, and the audience almost refused to be satisfied.

Refreshments were served after the musical, and then the guests repaired to the pavilion and danced for a couple of hours to the music of the Opera House orchestra. The many guests have to thank Mr. and Mrs. Tansil for a most delightful evening.

COLORADO COLLEGE.

Graduates of Coler academy are reminded of the meeting which will be held on the evening of Commencement Day at Chamberlain, for the organization of the Coler Academy Alumni association. It is important that there be a full attendance of all alumni who can possibly be present.

By the death of Dr. T. A. Eae, Colorado College lost one of its truest friends, one who has been particularly interested in the growth of the Christian spirit in the college. Such was the substance of President Slocum's remarks at chapel prayers last Monday, a fitting eulogy of a man whose acquaintance was a privilege enjoyed and esteemed by many of the students.

It is proposed to make the next issue of the Collegian a special Commencement number, with special interesting and attractive features. It will contain a fine engraving of Chamberlain, Montgomerie and Fagerman as the Commencement Library, the four ball team, the senior class, and the officers of the college, besides the usual literary articles and a full account of the festivities of Commencement week. Orders should be sent in to W. B. Sarsstrom, circulator.

Again the pleasant announcement can be made of another gift to Colorado College. Mr. William G. Means of Boston, an uncle of Mr. Alston Noyes and Miss Noyes, has just given \$2,000 toward the Pearson fund. This generous benefaction is another encouraging step toward the final raising of the \$50,000 for which the college is now working so hard. It is easy to believe that this gift cannot be far off when friends of Colorado College so far distant attest their friendship and interest in the college by such splendid gifts.

Dr. W. P. Yustard, who has been professor of Latin in the college for the past two years, has resigned his position to take charge of the Latin department at Haverford College, near Philadelphia. His successor has already been appointed—Mr. G. E. Fraser, M. A., a graduate of the University of Toronto. Dr. Fraser was graduated in 1880 with first class honors in classics; from 1889 to 1891 he remained in Toronto as classical tutor in University College; and since 1891 he has been professor of classics in the College of Montana. He presented excellent testimonials as to scholarship, teaching ability and personal character, and was the first choice of the trustees out of a host of applicants. Dr. Yustard's departure is a loss to the college and city which will be regretted by everyone. He always has been very popular among the students, and will be missed by them not less than by the faculty of which he has been so valuable a member. He will go with the best wishes of the whole college for his success at Haverford.

The orchestra which is to play through the summer at the Broadmoor Casino will give a concert at the Opera House next Friday evening. Nathan Franke will be the soloist and director of the orchestra. He comes to the city with a solid reputation. He is also an accomplished piano and organ accompanist, playing the organ in the renovation of Gounod's "Ave Maria" by Yme. Paris at the Madison Square Garden festival last year. The ambition and energy he has invariably displayed are strong points in his favor. His literary or classical music is one of the largest in the country and his collection of dancing and popular airs is very large.

The city was filled with doctors Sunday. Six hundred surgeons connected with the railways of the country reached here about 2 o'clock over the Union Pacific. They remained until 10 o'clock that night. They have been attending the annual

Commencement Exercises at the School for the Deaf and Blind.

## OTHER EVENTS OF THE DAY.

The School Board Holds an Interesting Session—A Banquet for the Glee Club—Annual Meeting of Free Kindergarten Association.

The first and always one of the most interesting commencement exercises of the year takes place at the State school for the Deaf and Blind. Tuesday night the young ladies of the school were graduated and they went forth a band of young ladies of the land, and an excellent example of the spirit which came to the institution.

The platform was prettily decorated with palms and potted plants. The flag was fastened at the rear of the stage, and a life size portrait of Superintendent Ray occupied a place at one side of the platform.

The type sweet girl graduates were Miss Katie Kennedy of Aspen, who has been with the school some nine years; Miss Sadie Young of Evans, who has been in the school for ten years; and Miss Bessie Bigler of Denver, who has been a pupil of the institution for about four years. It seemed quite like leaving home for these girls to graduate and it was with regret that they left the school, in which they had spent so many pleasant hours. There were many flowers in crests of cream serge and wore white flippers and carried bouquets of roses.

Superintendent Ray performed the pleasant duty of presenting the diplomas. They had been in "bags," he said, now they were young ladies. The years had been long and the superintendent was gratified to observe the girls progress. To-night they passed out into the stern duties of life and he thanked God they were so well prepared. Their lives had been in the hands of the school, and he hoped their lives would reflect credit upon themselves and the institution always. He concluded by presenting the diplomas and then on behalf of the school-mates several tokens in the way of library books and perfume were presented to the graduates.

Then came the surprise of the evening. Jessie Jains presented to Mr. Ray on behalf of the blind pupils and others, a silver fruit bowl, but pieces and not crackers in a case. They were given to the school.

Mr. Ray was completely surprised and could hardly control his emotion, and responded in a few well chosen words to the pupils for their splendid gifts.

## A BANQUET FOR THE BOYS

And Other Things Authorized by the Board of Education.

The Board of Education did a good deal of business yesterday afternoon, and although some other things were perhaps of more lasting importance, probably the most interesting item of the proceedings, at least to the parties immediately concerned, was the voting of a banquet to the High School Glee Club in recognition of their valuable services to the school. Last night taxpayer may see at such an expenditure of money for extra purposes, it would be saved the expense of the feast will not be trifled with of the public treasury. The spread will be at the Alta Vista, and there will be a toastmaster, and speeches in response to toasts, which will probably be cranked in sparkling Manitowish water or some equally harmless beverage.

All the members of the Board were present at the meeting. Three applications for positions as teachers, Miss McKenzie, Miss Myers and Miss Grannis, were granted a special examination before the Board, and were wisely questioned by Superintendent Patton and by some of the members of the Board. Action upon the appointment of these teachers will be delayed until after the regular July examination of other applicants. The only teacher actually appointed yesterday was Miss Cowpertwait, who will take charge next year of one of the regular grades.

Superintendent Patton made his report of average attendance for April, showing a total of 1765, in comparison with 149 for April of last year. The Girls' Glee Club, in attendance and punctuality, registering 94 per cent in the former and 90.9 per cent in the latter. The attendance this year has kept up till the end of the term much better than usual, especially in the higher grades. The recommendation of Principal Curran, that certain pupils be graduated from the High School, was adopted. It was voted to allow summer pay to Miss Wing, who taught twenty-four weeks and then came to leave, to an amount proportionate to the time she had taught. In regard to paying teachers their August salaries now, it was agreed that such a step, in view of the finances of the Board, was inadvisable.

A communication from the Hon. W. C. Harris, United States Commissioner of Education, asking for photograph to be exhibited in the Government building at the World's Fair, was passed over for the present. The sum of \$2 was appropriated to be added to \$2 raised by Mrs. McClintock's pupils, for the purchase of books.

The Teachers' Committee recommended that the rule in regard to requiring all applicants for positions to be examined in this city, be amended, so that in rare special cases the Board may by unanimous vote permit the examination to be taken elsewhere under proper regulations. The recommendation was unanimously accepted.

A number of bills were audited and allowed, and after some further routine business the Board adjourned at 5:15. The session was entirely harmonious throughout.

## ABSOLUTE PURE

That Florence Railroad.

Articles of incorporation of the Florence and Cripple Creek Railroad company were filed yesterday, the incorporators being Wm. B. Johnson, Eben Smith, Geo. B. Ross, Lewis, A. B. Roeder and Jas. McCandless. The object of the company is to build and equip a railroad from Florence to Cripple Creek. The capital stock is \$2,000,000, and the principal offices will be in Denver. Articles of incorporation of the construction company which will build the road were filed at the same time. The name is the Florence and Cripple Creek Railroad and Reclamation Works Construction company. Its object is in addition to building the railroad, to construct reclamation works, electric light plants, etc. This company has a capital stock of \$900,000. The incorporators are W. B. Johnson, A. B. Roeder and Eben Smith.

Mr. C. W. Warr, editor of the Florence (Col.) Journal, was in the city on Monday, speaking most encouragingly of the prospects of the road. The specifications for grading have been ordered and are now in the hands of contractors for bids. The office of the road have been established at Florence, with suitable clerical force, and the indications go to show that the grading contracts will be let without delay and the work of construction will be begun at once.

Sells & Rentrow.

The Grand Rapids (Mich.) Leader of July 18, has this to say regarding the performance of Sells & Rentrow's circus which comes to Colorado Springs on Tuesday next: "It was a very large crowd that attended the circus performance given by Messrs. Sells & Rentrow last evening. Fully 3500 people occupied the seats and floor, every portion of the main tent and departed at the close of the entertainment well satisfied with the exhibition they had witnessed. The character of the entire show from beginning to end, in every department, is pleasing and a novel reproduction. Mr. Rentrow, who is a citizen of Grand Rapids and well known here, and his associate Wm. Sells, the renowned circus showman, are both gentlemen of pleasing personality and honorable business methods, and they have surrounded themselves with a corps of employees who, by their courteous treatment of visitors and general excellence of deportment, are a credit to the establishment and add materially to its popularity. Of the performance itself, nothing out of the ordinary can be said. It is from start to finish far beyond the ordinary circus and in quality is the peer of any in the land."

At the first indication of disorder, the deranged or enfeebled condition of the stomach, liver or bowels, should be promptly rectified by Ayer's Cathartic. This does not mean, as some people suppose, to take and remove a tendency to liver and bowels complaint.

Mr. W. M. Macdonald, after several years' residence, has decided that he likes this country well enough to remain permanently, and has given notice in the District Court of his intention of becoming a naturalized citizen. He is a Scotchman by birth.

The Denver and Rio Grande railroad has issued a very handsome folder containing ten handsome colored pictures of the noted scenery along the great scenic route. They are placed to give a panoramic view. A large number have been printed for distribution at the World's Fair and in the East generally, and will no doubt be the means of attracting many people to the State. Colorado Springs is only mentioned in it incidentally, although our Chamber of Commerce made a good money order for a place.

"A little more for you" is a silly question, or if you mean a man who complains of suffering from the heat, then to one you will find, on inquiry, that he does not use Ayer's Cathartic, and to one up his system and free his blood from irritating humors.

Sammy, the photographer, is displaying a number of handsome pictures of the Sariniers, taken at the Casino during their visit. The issue of the Daily Gazette of last week, containing a description of the parade of the Sariniers was all exhausted, but the article has been printed in the Weekly and can be had at the business office.
